

K-Love serves me as a resident in my local community by giving me the type radio listening that I desire which is not otherwise available in my community. If K-LOVE were to be displaced by a LPFM broadcaster providing other programming many of the options that are available to residents of Wilber would cause many residents to feel unhappy because the type radio listening that many enjoy would otherwise not be a resource. The service provided by K-LOVE is a public interest because it provides programming that is safe for the family and children and many radio stations don't have these principles that are so necessary in our society today. Thank you for your time and consideration.
